Jordan Poliakiwski won her second medal at the senior nationals level beating Briana McCracken for the bronze medal in the 57kg weight division. It was a good day for Jordan, she won four of her matches by ippon (the equivalent of a knock out boxing) only losing to a close match to Nicole Jenicek from Ontario the top ranked junior in Canada. Bishop Sommerfeld and Alex Poliakiwski had a good day losing close bronze medal matches. The Saskatchewan team is a very young team with most of the group being under the age of 20 years old. The goal for the competition for many of the athletes was gain experience and to lay a foundation for better performances for future senior national championships.
