1. Enhance Participation

Judo participation contributes to healthy active citizens and teaches skills that last a lifetime. This is in response to the rising demand for increased opportunities across the sport for individuals to engage in quality judo programs. Judo Saskatchewan believes that increasing participation at all levels of our sport is a healthy and worthwhile pursuit to a better way of life.

2. Enhance Excellence

Judo Saskatchewan believes that excellence will be enhanced by increasing the performance levels of our athletes, coaches, referees and clubs. Programs will consist of activities, programs and practices focused on participating and competing in sport events where improvement, winning and excellence is the goal.

3. Enhance Interaction

Relationships are the foundation on which the sport is built. Partnerships, committed collaboration, and sharing of organizational knowledge, resources, and best practices are essential to achieve a connected, coordinated and accountable sport.

4. Enhance Capacity

Judo Saskatchewan develops their capacity to successfully manage and grow the sport of Judo inclusive of human resources, governance training, leader and volunteer mobilization, and support for diversity and inclusion to enable growth across the sector.
