To avoid an inadvertent positive test and the consequences of an anti-doping rule violation, athletes are encouraged to take the following steps:

- Be familiar with www.cces.ca/athletezone;
- Check with DRO Global (www.globaldro.com) to determine if any prescription or over-the-counter medications or treatments that are banned by the WADA Prohibited List.

- Do not use supplements or take precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Read more at: www.cces.ca/supplements.
- Review the steps of the doping control sample collection procedures: <https://www.cces.ca/sample-collection-procedures>;
- For additional resources and general information, please contact the CCES:
